Deliverables Checklist

Exercise System

- [x] 23 exercise definitions in `ExerciseCatalog.json`
- [x] `FELExercise.h` — Data structures (`FExerciseData`, enums, form checkpoints, progress)
- [x] `FELExerciseManager.h/.cpp` — Database loading, queries, animation cache, progress tracking
- [x] `FELWorkoutProgram.h/.cpp` — Workout programs, sessions, progressive overload, custom builder
- [x] `WorkoutCatalogues.json` — 5 pre-built programs with full week/day/exercise structure
- [x] `FELExerciseLibraryWidget` — Browse/search/filter exercises UI
- [x] `FELWorkoutCatalogueWidget` — Browse and start workout programs UI
- [x] `FELWorkoutSessionWidget` — Active workout tracking (timer, progress, calories)

Subscription System

- [x] `FELSubscription.h` — Subscription data types, constants (\$6/wk, 72hr trial)
- [x] `FELSubscriptionManager.h/.cpp` — Trial management, Stripe integration, lifecycle
- [x] `FELAccessControl.h/.cpp` — Gate game modes/workouts behind subscription
- [x] `FELSubscriptionStatusWidget` — Show status, trial countdown, billing info
- [x] `FELSubscriptionPromptWidget` — Conversion prompt with benefits list
- [x] `FELTrialBannerWidget` — Persistent banner showing trial/subscription status

Integration

- [x] `FELOnboardingWidget` — 6-step first-time user onboarding flow
- [x] Updated `streaming/frontend` — Subscription banner, workout catalogue, access control
- [x] Updated `sites/finalevolutiongroup.com` — PricingSection with FAQ
- [x] Marketing site pricing: "\$6/week" + "72-hour free trial"

Documentation

- [x] docs/EXERCISE_SYSTEM.md — Complete exercise system guide
